

Girls Who Work

are especially exposed to the dangers of female organic disorders. Lydia E. Pinkham's Vegetable Compound has enabled thousands of girls to hold their positions.

Read what this girl says:

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am well."—Emma Draper.

And this girl:

Indianapolis, Ind.—"I suffered from a severe female weakness and got so bad that I believe I would have died if I had not obtained relief soon. One doctor said nothing would cure me but an operation.

"My aunt advised me to try Lydia E. Pinkham's Vegetable Compound as it had done so much good for her. I did and found it to be the right medicine to cure female troubles and build up the system, and I am now in better health than I ever expected to be."—Bessie V. Piper, 29 S. Addison St., Indianapolis, Ind.

Is it not reasonable to suppose that a medicine that did so much for these girls will do the same for any other girl who is suffering with the same troubles?

These testimonial letters are the genuine and truthful statements from honest people.

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

A man will lie up how much money he has to make people admire him and lie it down to get off making a charity subscription.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy

Mr. Frank C. Hamrah, a prominent druggist of Portsmouth, Va., says, "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by all dealers.

Many a mother thinks it all right for her daughter to marry money if it will enable her to help take care of her folks.

A Hurry Up Call

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and soon cured all the family. Its the greatest healer on earth. Sold by all druggists.

Even the man who isn't self-made may have something else to boast of that will make people just as weary.

Haven't you often wondered why the grocer carries so many things in stocks that you never ask for?

Act Quickly

and you'll save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subdue. New size bottles 35c., also in 50c. sizes.

The clockmaker should surely keep pace with the times.

Night on Bald Mountain

On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe its the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Throats are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00 Trial bottle free. Guaranteed by all druggists.

Birds of a feather flock together, especially jail birds.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcers, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Home treatment book and any medical advice free to all who write.

EXAMINATIONS FOR POSITIONS AS CENSUS CLERKS

CIVIL SERVICE COMMISSION SELECTS THREE CITIES IN NEW MEXICO

TO BE HELD IN OCTOBER

Those Who Would Count Noses Must Be Sober, Industrious and of Good Moral Reputation—Estimated 3,000 Temporary Enumerators Will Be Required for 1910 Job.

Washington, Sept. 8.—The list of cities and states in which the special test examinations will be made October 23, next, for providing the temporary force of about three thousand clerks for the census bureau, for the purpose of tabulating the returns from the thirteenth decennial United States census, April 15, 1910, has been prepared, and a circular announcing it has been issued jointly by the department of commerce and labor and the United States civil service commission.

It is pointed out that an applicant must be examined in the state in which he resides and must have been actually domiciled there at least one year before the examination. In New Mexico examinations will be held at Las Vegas, Albuquerque and Roswell. In Arizona at Douglas, Phoenix, Prescott and Tucson. In Colorado at Denver, Durango, Fort Collins, Grand Junction, Leadville, Pueblo and Trinidad. In Texas at Amarillo, Austin, Brownsville, Dallas, El Paso, Houston, San Antonio and Waco.

Approximately three thousand temporary clerks will be appointed in the census bureau for the thirteenth decennial United States census, and the date of the first examination will be October 23, next, throughout the United States, at various cities; according to a circular announcement, relative to the examinations and appointments, which has been issued jointly by the department of commerce and labor and the United States civil service commission.

Apply for Blanks

Blank application forms and the circular of instructions may be obtained after September 10th, by addressing the civil service commission, Washington, D. C., the Bureau of Census, Washington, D. C., or the Secretary of the Board of Examiners at the following named places: Post office, Boston, Mass.; Philadelphia, Pa.; Atlanta, Ga.; Cincinnati, Ohio; Chicago, Ill.; St. Paul, Minn.; Denver, Colo.; San Francisco, Cal.; Custom House, New York, New Orleans, La.; Old Custom House, St. Louis, Mo.

Very few appointments from the October examination will be made before January 1, next, and not many will be made until April, 1910. The maximum force will be drawn August next year.

These three thousand appointees will be given salaries of \$600 per annum at the beginning, but promotions to \$900 per annum, at least, will be reasonably rapid for those who render satisfactory service. All appointments will be on probation, subject to termination at one month or any later period if the appointee does not come up to the requirements. In every case the appointments will be temporary and subject to termination as the exigencies of the service may require. All expire by operation of law on June 30, 1912. The average tenure of office will probably be about one year, but the general duration will range from six months to two years. Not one of these clerks will be eligible for transfer into the classified service.

The temporary positions with salaries of \$1,200 and above, provided for by the thirteenth census law, will be filled for the most part by the transfer of persons already in the permanent census office, it being expected that the latter organization will supply all other classes of clerks except those mentioned below.

Plenty of Work

The work required of the three thousand employees is, according to the circular, to consist of four classes: The operation of card punching and card tabulating machines; operation of typewriters, adding machines and combined typewriter-adding machines; manuscript tabulation and

other clerical work; sub-clerical work, such as that of messengers, messenger-boys, watchmen and laborers. No one will be appointed who is unwilling to work at punching cards or tabulating cards; or to be compensated on a piece price basis. The salaries of sub-clerical employees will be at the rates customarily paid in the government service.

Appointments to the permanent census force will be made as heretofore by transfer from other government departments or by certification to the civil service commission.

The conditions governing the formal application and the special test from the existing register of the civil examination require that the applicants must be citizens of the United States, between the ages of 18 and 50 years, except persons entitled to preference under Section 1754 of the Revised Statutes may be examined without regard to age, and except boys over 16 and under 18 years of age, who, if passed, will be eligible for appointment as messenger boys only.

Certain Restrictions

Exclusions from examination comprise persons who are habitually addicted to the use of intoxicants or guilty of infamous or notoriously disgraceful conduct, or who are physically or mentally disqualified. Excluded also, are persons affected as follows: Insanity, tuberculosis, paralysis, epilepsy, blindness, loss of both arms or legs, loss of arm and leg, badly crippled hands, arms, feet or legs, heart disease, locomotor ataxia, cancer, Bright's disease, and diabetes.

Deaf mutes will be admitted to the examination, and, if their names are reached on the register, will be offered employment wherever that action is possible.

Other physical defects may debar if the commission so decides. Each applicant must furnish a medical certificate as set forth in the application form, and, if appointed, may be subjected to a physical examination when he reports for duty. Appointments will be made from the eligible list in the order of rating, in accordance with the law of civil service apportionment. Only one person can be appointed from one family. It is announced that few, if any, of the 60-day emergency appointments will be made, and none will be necessary before April, 1910.

Examination Subjects

Only one kind of examination will be given for the temporary force, and it will consist of the following subjects and weights:

Spelling (20 words of average difficulty in common use), 10; arithmetic (consisting of vertical and cross addition, percentages, and a simple exercise in tabulation), 20; letter writing (a letter of not less than 125 words on some subject of general interest; competitors may select either of two subjects given), 20; penmanship (the handwriting of the competitor in the subject of copying from plain copy will be considered with special reference to the elements of legibility, rapidity, neatness, general appearance, etc.), 15; copying from plain copy (a sample test in copying accurately in the competitor's handwriting a few printed lines, including tabular matter), 15; time (consumed in examination), 20.

The time for this examination is 4 1/2 hours, and in rating it a credit of 70 will be given those who finish inside the time limit. Other minor credits are described in the circular. Upon completing the examination, competitors will be given an optional test in typewriting, consisting of an exercise in tabulation. The intention to submit to the latter examination must be stated in the application, and the applicant must bring his own typewriter to the examination room. Those rated at 70 or more will be made eligible.

As a result of the examination outlined above 5 registers of eligibles will be prepared, and on each register the names of the successful competitors will be arranged in the order of rating. The general register will contain those of 18 years of age and over who pass. From this, another will be made up of the names of all who have had previous experience in operating card punching, card tabulating, or card sorting machines in census work. The third registers will show those who make an average of 70 in the test in typewriter tabulation. The fourth will contain the names of those male eligibles who are willing to be watchmen, messengers, assistant messengers, and unskilled laborers. The last will contain the names of boys over 16 and under 18 years of age eligible as messenger boys. Separate registers for men and women will be maintained. Persons desiring to become enumerators, supervisors, clerks, or interpreters, should apply to the supervisor of the district in which employment is sought. The special agents' examination details will be announced later.
